Visiting with artisan Adella in the Philippines in 2014

## Welcome, friends!

Since the beginning of time, people have sought connection—with other people, with the planet, and with traditions that we hold close. **Connection matters now more than ever.**

SERRV partners with artisans and farmers in 20 countries, focusing on building long-term relationships—some spanning more than 50 years—based in trust, transparency, and a desire to make the world a better place. When you support fair trade, **you become a part of that relationship.** You become a link that joins communities, cultures, and shared values. **You help make the world a smaller and friendlier place.**

As you explore our beautiful spring catalog, we invite you to reach out to us directly with any questions, comments, or even just to say hello. Simply email us or call our friendly Customer Care team in Maryland—we're happy to hear from you. **Connection brings our mission to life,** and I'm thankful we're on this journey together.

With gratitude,

*Serena Sato*
